

# EXTENSIONS FOR MOVABLE PAD MOUNTS

## CM6MEVL

These Mount Extensions are available for all Powr-Grip® vacuum lifters that are equipped with Movable Pad Mounts, including MRT4-DC, MRTA611LDC and MRTALP611LDC vacuum lifters. The option enables a vacuum lifter to handle windows with mullions or other loads with similar obstructions on the contact surface. However, it does reduce the lifting capacity in many instances. No tools are required, because cotterless hitch pins make installing or removing the Mount Extensions fast and easy, while maintaining all necessary safety standards.

In the same way as Movable Pad Mounts, Mount Extensions are designed for pad frames with a tube width of either 2" [51 mm] or 2-1/2" [63 mm]. The Mount Extensions also may be purchased with extension tubes of different sizes, as noted in the chart below, in order to extend the Movable Pad Mounts different distances from the pad frame. In addition, each Mount Extension is adjustable, to produce a greater or smaller extension distance, as required for your specific application. Please contact a Technical Sales Representative for more information.

	A	B	C	D
<b>Pad Frame Tube Width</b>	2" [51 mm]	2" [51 mm]	2-1/2" [63 mm]	2-1/2" [63 mm]
<b>Extension Tube Dimensions</b>	2" x 2" [51 x 51 mm]	2" x 3" [51 x 76 mm]	2-1/2" x 2-1/2" [63 x 63 mm]	2-1/2" x 3-1/2" [63 x 89 mm]
<b>Minimum – Maximum Extension Distance</b>	2-1/16" – 2-13/16" [52 – 71 mm]	3-1/16" – 3-13/16" [78 – 97 mm]	2-9/16" – 3-5/16" [65 – 84 mm]	3-9/16" – 4-1/4" [90 – 110 mm]
